

CATEGORY: LOCAL GOVERNMENT UNIT (LGU)
The Community-Led Ecological Stewardship Award

This award recognizes an LGU project that has effectively empowered and mobilized their constituents as active partners in environmental protection. It honors an initiative that is co-created, co-implemented, and sustained by the community, rather than solely designed and driven by the local government.

e.g. Community-managed Material Recovery Facilities (MRFs), Sustained community gardens supporting food security, Citizen-led river, coastal, or watershed clean-up programs, Community-based environmental monitoring or enforcement groups

BID ENTRY FORM

Project Title:	
Project Implementation Period (Start Date – End Date or Ongoing since Month and Year)	
Project Description (maximum 300 words)	
Project Objectives What environmental issue does the project address, and what are its primary and secondary objectives?	
Key Activities and Implementation Approach What actions were undertaken, and how were they carried out in partnership with the community?	
Target Beneficiaries & Stakeholders Who are the primary beneficiaries of the project, and how many individuals or groups are reached?	
Results and Outcomes What measurable or observable results have been achieved so far? Please include specific data or figures.	
Project Sustainability & Replicability How is the project maintained over time? Can this initiative be replicated by other LGUs or communities? Please explain briefly.	
Are there any other pertinent details, insights, or supporting information you would like to share about the project that may help in its evaluation?	

Declaration and Certification

By submitting this form, we certify that the information provided is true, accurate, and complete, and that the project described is currently active and implemented within our LGU.
